**CTA Recommendations:**

Initiative	Vote
<b>Prop 1: Reproductive Freedom</b> Provides women equal access to healthcare services and prohibits the state from denying an individual's right to reproductive freedom.	YES
<b>Prop 28: Art &amp; Music in Schools</b> Provides additional funding for arts and music education in PK-12 public schools without raising taxes. Nearly \$1billion from the general fund annually. Money is used to support arts programs and hire new arts staff. More money is targeted to low-income schools.	YES
<b>Prop 31: Stop Big Tobacco Referendum</b> Supports referendum to protect current law which bans the sale of flavored tobacco products and marketing to teens.	YES
<b>Prop 27: Online &amp; Mobile Sports Betting</b> Legalizes online and mobile sports betting in California. Online gambling corporations would take 90% of the profits out of state. Not a single penny is directed to our students or our state's public schools. Could expose millions of kids to online gambling.	No
<b>Prop 30: Clean Cars &amp; Air Act</b> Increases income taxes to pay for zero emission vehicle subsidies and infrastructure improvements. It is funded by the Lyft Corporation to get taxpayers to pay for improvements. The tax increase side-steps current law that requires half of any new revenues to go to public education. It also doesn't raise any additional money for health care and other essential services.	No
