Has your local bargained for an increase in pay? Maybe an increase in the amount the district pays for benefits so deductions are less from a paycheck? Something else that increases a member's paycheck? If so, consider having a paycheck explanation meeting. Most deductions occur for the first time in September (unless you are a modified year round district). Consider serving a "sweet treat" to accompany their "sweeter" paycheck. Remember to offer gluten free, sugar free, and vegan friendly items, let's include all members!

Advertising these offerings can even be a way to draw in more attendees.

Then, with everything going on in our country with the weather you could review another member benefit, disaster relief. Please be sure to point out this is even available, in some cases, for a burst pipe that causes damage in a house.
